DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on March 3, 2010 has been entered.

Response to Amendment

2. The amendments to the claims filed on March 3, 2010 have been fully considered. The 35 USC 102 rejection of claim 89 has been overcome and is thus hereby withdrawn. The 35 USC 112 1st paragraph rejection has been obviated and is thus hereby withdrawn. The 35 USC 103 rejection is maintained. Applicant has previously argued that the inventorship of the instant application is changed so that the inventive entity is the same as that of the reference of Xu et al. This argument has been noted, however, Applicant has not submitted a petition to change the instant inventorship. Therefore, the reference of Xu et al. still applies as prior art as it is by another. Claims 1, 2 and 8 remain rejected.
